Forecast For Southwest England
Issued by Met Office Exeter
at 1600 on Tuesday 28 Dec 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Mild with rain at times over the next few days.

This Evening and Tonight:
largely dry initially this evening, but a band of rain will gradually spread in from the southwest during the night. The rain will be heavy and persistent at times, with winds also strengthening later in the night. Minimum temperature 2 deg C (36 deg F).

Wednesday:
Rain quickly clearing, allowing some brighter skies to develop, but staying cloudy around the coasts with drizzle and fog over the hills. Rather windy but very mild in any brightness. Maximum temperature 16 deg C (61 deg F).

Outlook for Thursday to Saturday:
Mostly cloudy with rain at times on Thursday. Drier and brighter on New Year's Eve, but some showery rain returns New Year's Day. Windy at times but staying unseasonably mild.
